About Us

Established in **1975**, Petroleum Vision for Contracting Company (**PETRO-V**) is a leading Saudi EPC contractor with a strong foundation in the oil, gas, water, and construction industries. As the parent company of **SAMIF Heavy Steel Fabrication**, PETRO-V brings integrated capabilities in fabrication and infrastructure execution.

PETRO-V is **ISO 9001:2015** certified by KVQA Assessment Pvt. Ltd., accredited by the United Accreditation Foundation (UAF). The company is fully equipped with modern machinery, skilled professionals, and a solid financial foundation. Our reputation is built on trust, integrity, and the consistent delivery of technically complex projects across the Kingdom.

Vision and Mission

VISION

To be the premier strategic contracting partner for energy, oil & gas, water, and construction sectors in the Kingdom and the Gulf region, setting new benchmarks in safety, innovation, and execution excellence

MISSION

We are committed to delivering world-class engineering, pipeline, and plant construction services through:

1. Exceptional safety, quality, and precision.
2. Just-in-time delivery and adaptability to client needs.
3. Embracing advanced construction technologies.
4. Driving local content and sustainable industry growth.

MESSAGE FROM

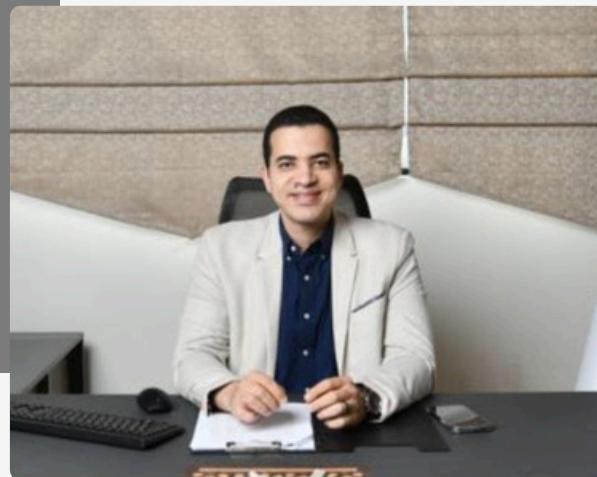

Managing Director

As the Managing Director, I'm honored to lead a dynamic organization with over 40 years of experience in energy, oil & gas, water, and industrial construction. Since 1979, Petroleum Vision has consistently delivered exceptional quality, safety, and innovation across complex infrastructure projects from refineries and pipelines to offshore platforms and advanced civil works.

Our strength lies in our people, our uncompromising standards, and our dedication to sustainable development. As we look to the future, we remain aligned with Saudi Vision 2030, aiming to support industrial localization and environmental responsibility through modern construction technologies.

A large blue and white crane is lifting a long, dark-colored pipe at a construction site. The crane's boom extends diagonally across the frame. In the background, other construction equipment, including a yellow crane and an excavator, are visible. Two workers in white hard hats stand in the foreground, looking towards the crane. The sky is overcast and grey.
